NEW SOLUTIONS FOR A SMARTER HOME

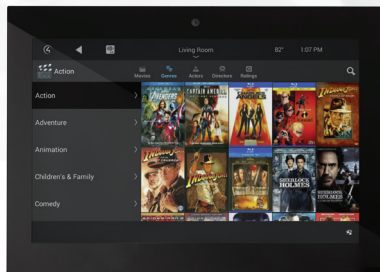

ENTERTAINMENT

EA Series Controllers

- From one room to an expansive property, each controller delivers the power, performance and reliability for any smart home.
- Enjoy a premier multi-room music experience; featuring advanced audio architecture and high-resolution music.
- Each model has the power to also control and automate lighting, security, climate, locks, cameras and more.

4K Ultra HD

- Enjoy 4K video in every room.
- In a single interface, watch video from a Blu-ray, satellite, Apple TV, Roku, streaming media service, or your stored movie library.
- No additional equipment needed in each room—keep it clean with only the TV and a remote.

New “My Movies” and “My Music” Experience

- Enhanced browsing with high-resolution cover art, a new details view and an improved search feature for large media libraries.
- Connect and share music directly from your iOS mobile devices without any additional equipment.

New Streaming Audio Services

- Pandora, TIDAL and Deezer join the already-native Rhapsody, Napster and TuneIn lineup available as part of every Control4 system.
- With the all-new ShairBridge, anyone in the house can share and stream their own music collection from iOS smart phones and tablets, or computers running iTunes.

SMART LIGHTING

Mockupancy

- Your home records day-to-day interactions—including lights, shades and entertainment—and plays them back while you are away.

SAFETY AND SECURITY

Locks & Sensors

- Manage locks from anywhere in the world on an iOS or Android device.
- Add or delete users and grant temporary access to any lock in the house.
- Search event history, such as security incidents, and get detailed activity information.
- Receive notifications via mobile alerts and push-notifications that are timely and relevant.

PERSONALIZED WALLPAPERS AND SCREENSAVERS

- Enjoy multiple configurations and displays such as playing media, date, time and weather. And use family photos in the screensaver of wallpapers to truly make it personal.

Control4 T3 Tabletop Touch Screen now available in larger 10" version.

APPLE WATCH APP

- Single-button control of your most popular shortcuts and scenes to set a mood or make a quick change.
- See what audio or video that is playing in each room, change the volume, add additional rooms, or turn everything off.
- See all thermostats in your home, adjust the temperature, and apply presets.
- Control individual lights in any room or activate lighting scenes.
- Check status of locks, unlock or lock doors, and open or close garage doors.
- Control your home from the comfort of your couch or while you're away.
